

# Bona Power Drive® Weight Kit

Customize the cutting power and aggressiveness of the Bona Power Drive

A powerful and flexible machine that can be equipped with many different drive plates for a wide variety of floor preparation

The Bona Power Drive® Weight Kit, comprised of two easy-to-mount 15 lb. weights, provides extra pressure to the Bona Power Drive®, making light work of tough sanding jobs as it allows you to customize the cutting power and sanding aggressiveness of the machine. One weight may even be used when wire-brushing for increased effect. (Note: Only one weight should be used when wire-brushing, as two may damage the brush heads.)

- More aggressive and efficient sanding
- Increases finish and wood removal
- Reduces sanding and edging time
